

Results for the County of Worcester Field Archery Championships

October 7th, 2018

Venue: Sunset Archers, Wolverley, Near Kidderminster, United Kingdom

The weather blessed us this year. Dry and a pleasant temperature for early October. No wind

Yet another new handicap system was put in place based on the mathematical equations used to generate the Archery GB target handicap tables. This is likely the first time AGB-type handicap adjustment has been used for an IFAA/EFAA round.

As in previous years first place in each division is awarded to the highest made score. The award of second and third places is made on a handicap-adjusted basis.

Our thanks go to our hosts Sunset Archers and the Aston family who provided us with a shooting ground and most excellent catering. Finally thanks to Penny Neaverson, our fabulous County Team Manager who got most of the scores collected in and collated while others were still shooting, so we could hold a timely awards presentation.
